Introduction on G-20

The Group of Twenty (G-20) is an international forum that brings together the world's major economies, representing about 85% of global GDP and two-thirds of the world's population. Established in 1999, the G-20 aims to promote international financial stability and sustainable economic growth. In 2023, India hosted the G-20 summit, focusing on pressing global issues such as climate change, technology innovation, and inclusive development. This seminar seeks to explore the outcomes of the 2023 summit and their implications for a resilient future.

About the Seminar

In light of the pivotal discussions held during the G-20 summit, MPG College is proud to host a seminar to delve deeper into the themes of innovation, sustainability, and global collaboration. This event aims to foster dialogue among students, educators, and industry leaders, enhancing our collective understanding of how these elements can shape a sustainable and resilient future.
